## a. PURPOSE

## Key Objectives of Planet 21

- The primary purpose of the Planet 21 Sustainability Management Plan is to guide decision making, management, and the daily operations of the business in a sustainable manner.
- To develop the business in a sustainable manner considering the environmental, socio-cultural, quality, and health & safety issues.
- To demonstrate management commitment to comply with the environmental laws and other regulations of the United Arab Emirates for Hotel Operations and for Sustainability.
- To develop a monitoring and audit program to ensure compliance to the Sustainability Management Plan and relevant environmental legislation and the early detection of any significant environmental impacts from the activities of the business.
- To outline mitigation measures in order to minimize the impact of the business activities on the surrounding environment.
- To present mitigation strategies and actions for the control of pollution, waste minimization and resource conservation by effectively practising Reduce, Reuse and Recycle wherever possible.
- To establish a framework for environmental management to ensure the implementation of the identified mitigation measures.
- We follow and Practice the standards of Green Globe and Planet 21 Accor brands standards of Sustainability at Mercure Hotel Suites & Apartments.

## HOTEL

### DUBAI BARSHA HEIGHTS

**I. Environmental** – Planet 21 Sustainable management plan of Accor Group is actively involved in conserving resources, reducing pollution, conserving biodiversity, ecosystems and landscapes. The recommendations for moving towards carbon neutral buildings. Mercure Hotel suites & Apartments have made the analysis of environmental impact and the measures to mitigate the environmental impact. The property will enable to protect the environment through the conservation of depleting resources and controlling the environment from pollution, reducing their carbon emissions. It takes initiatives, the steps to protect the bio-diversity through preserving the wildlife species through activities. The hotel has spearheaded for removing negative impact, which affects the environmental in various aspects. Mercure Hotel Suites and Apartments collaborated with Emirate Environmental Group and participated in environmental activities like recycling waste collection and tree plantation. We also donated for animal welfare in collaboration with Yanni Animal Welfare. Yanni Animal Welfare is a volunteering group that Rescues and provides medical care for sick, injured animals, fostering abandoned or special cases until being adopted.

**II. Socio-cultural** – As part of Ethical and CSR charter of Accor group. The team are involved in corporate social responsibility actions for supporting the local communities, employees, guest and other stake holders. There are community development activities like Clean Up, Can Collection etc, fair trade, support local entrepreneurs, and activities to respect local culture. A policy against commercial exploitation, equitable hiring, employee protection and last but not least, that our business do not jeopardize the provision of basic services, such as water, energy, or sanitation to neighboring communities. Accor's policy against discrimination against any form is been followed.

**III. Quality** – any activity that can sustain itself economically through creating competitive advantages within the industry with inspired service that not only meets, but exceeds guest expectations; it continues to contribute to the economic well-being of the surrounding community through Planet 21 Practices, buying local products that are eco-friendly like Amenities, Paper and Chemicals etc. A sustainable business should benefit its colleagues, customers, business partners, owners, other stakeholders. The guest satisfaction levels are measured through the online review scores from Booking.com Trip Advisor and has an internal survey from Trust You and through I auditor monitoring of individual standards. BARE audit been conducted for the Brand Standard Audit and we have obtained 100% score. This is to maintain the quality and rate the Brand and Service standard of the hotel followed. **The Hotel has undergone Surveillance for ISO 9001 and 14001 certified by Intertek and ISO 22000 and HACCP re-certification from SGS. We have following the Green Globe and the audit will be planned in January 2024 for following the sustainability standards.**

**IV. Health & Safety** – Mercure Hotel Suites & Apartments complies with all health and safety regulations recommended by the Local government, ensures that guest, staff and all the stakeholders are well protected. Usage of safety instruments and machinery are ensured with the respective PPE required for the tasks. The training on health and safety are given to all staff and contractors. Mercure Hotel Suites & Apartments made all initiatives for making the work environment safe and secure to all the members. Regular trainings and internal on Health and Safety; HS audits are scheduled to ensure for a Safe environment.

### ENERGY CONSERVATION AND WATER CONSERVATION AT MERCURE HOTEL SUITES & APARTMENTS

We have more concern on the energy conservation through the involvement of new technologies and Planet 21 initiates to work towards a greener Dubai. We strive to implement innovated technologies which is the best for our guest, the environment and all our employees. This has a greater impact on saving the energy and conserving it for reducing the carbon emissions. We have water saving tasks that has saved large amount of water.

## A. SUSTAINABLE MANAGEMENT

### A1. Implement a Sustainable Management Plan- Planet 21:

Mercure Hotel Suites & Apartments shall establish and maintain the Planet 21 internal sustainable practices complying with requirements of Green Globe. There are a number of

elements that make up the Planet 21 in action guide for the world wide Practice of Sustainability in Accor Group.

Mercure Hotel Suites & Apartments shall formulate policies and procedures of Planet 21 that:

# MERCURE

## HOTEL

DUBAI BARSHA HEIGHTS

- a) are appropriate to the nature and scale of the organisation's activities
- b) are aligned with the four key areas of Green Globe environmental, socio-cultural, quality and health & safety issues is also in line Planet 21 which comprises of 4 Strategic Programme
- c) Includes a commitment to continual improvement of the SMP and target for the Green Globe.
- d) includes a commitment to comply as a minimum with the current applicable legislations regulations and other requirement to which the organisation subscribes
- e) provide a framework for setting and reviewing SMP objectives and targets.
- f) They are documented, implemented, maintained and communicated to all employees.
- g) they are available to all interested and associates parties and
- h) SMP is reviewed periodically to remain relevant and appropriate to the organisations
- i) Accor Planet 21 sustainability plan includes monitoring of yearly basis and we have obtained 143 score in Gaia platform

### A2. Legal Compliance:

Mercure Hotel Suites & Apartments is licensed according to the UAE law and in compliance with all relevant international or local legislations and regulations, including health, safety, labor, environmental aspects, and insurance policies and other guest and colleague protection instruments are up to date and in order. The Hotel has 100 % non-smoking room. DTCM (Department of Tourism and Commerce Marketing) guidelines are followed that includes the sustainability requirements for hotel establishments in Dubai. Single use plastic have been reduced in the guest facing as well as back office area as part of the Accor's Planet 21 initiatives.

### A3. Employee Training:

Employee hiring, training, annual appraisal and performance review, at Mercure Hotel Suites & Apartments are in line with the Accor Group.

There are various training modules initiated by the Accor Group including the skills, knowledge and attributes that make organizations and individuals successful. Once competencies are identified, people with these competencies are trained and developed according. This builds an organization of successful colleagues who are capable of delivering business goals and execute strategies.

While competencies may enable people to achieve success, they alone do not ensure success. We see people who are competent but do not deliver business results or vice versa. In other words, only assessing people against competencies is not enough. We must also measure their achievements against the desired business goals within their roles.

At the same time, competencies provide the link between organizational vision, behaviors, outputs and results and are the foundation for recruitment, selection, performance management, development and succession planning.

Training on sustainability management, health and safety and environmental impact are done through Induction. The Sustainability goals and management plans are communicated to the employees in the Induction and allocated specific training on sustainability management and available in the Websites and Heartist notice boards. The respective departments do Dubai way and sustainability tourism trainings. Management and staff were made aware of the sustainability measures taken for the COP 28 held in UAE this year.

### A.4 Customer Satisfaction

Mercure Hotel Suites & Apartments, customer satisfaction is supported by Front Office and Sales & Marketing Department. To operate in a way that focuses on continuous improvement and long term sustainability. It works with all departments and areas of the business to ensure that our guests are always our first priority by having a system in place that allow us to measure how well we are doing, and to respond quickly when we are not getting the desired results.

# MERCURE

## HOTEL

DUBAI BARSHA HEIGHTS

Besides customer satisfaction we also review and monitor internal quality performance. Some of the tools used for monitoring and reviewing the same are:

BARE audits are planned from 2022, Message box, Trust You, F&B guest comment cards, financial audit on cashing practices, reservations mystery audits and other online Social Media platforms such as trip advisor, booking.com and platforms which enable us to know the guest needs. These are potential areas for reviewing the Guest Satisfaction levels and ensuring the scores levels are monitored on regular basis and the necessary actions are taken.

Mercure is certified for ISO 9001 and ISO 14001 from Intertek 2019 and the surveillance is done. The training of ISO awareness and Internal Auditor training is given for the Heartist. Mercure has successfully obtained the ISO 22000 and HACCP from SGS even during the Global crisis.

We are spearheading to complete the desktop Audit for the Green Globe for 2023 and achievements of Eight years continuous achievement in sustainability. **The hotel was awarded as A Gold certificate for our hygiene and food safety standards from Dubai Municipality and DST Sustainability fully compliance.**

### A.5 Accuracy of Promotional Materials

All communication regarding promotional material Mercure Hotel Suites & Apartment goes through the Sales and Marketing team and is in line with Accor Group principles, local regulations and cultural norms and sustainability practices of Planet 21. Any dissatisfaction from our guests is tracked through the guest feedback forms and online reviews and in the Message box on day to day operations.

### A.6 Local Zoning, Design and Construction

#### DESIGN AND STRUCTURE

Mercure Hotel Suites & Apartments is built with relevant government agencies approval. It accommodates 1015 one and two and bedroom suites and apartments. It's a 100% non-smoking rooms and has Exit Bar for the sports loving Guests where major games like Football, Cricket and Rugby is telecasted.

- 681 one bed room suites
- 334 two bed room suites
- 1 restaurant Day and Night and 1 Bar- Exit and Café Social.
- Three pools - main pool, Jacuzzi and kids pool
- Football court, basketball court and two squash courts
- Spa with saunas and steam rooms
- Fitness set up with the latest gym equipment
- Retails shops for beauty and fashion
- Meeting & events rooms
- Kids Club

Ongoing maintenance and repairs are performed regularly. The refurbishments, if any include re-using as much of the original structure as possible and renovation/interior design is always performed with the purpose of being as sustainable, energy-saving and long-lasting as possible, and includes use of environmental friendly materials as per the specification. Every effort is being made to ensure that all appliances that have been purchased for operating the hotel are energy efficient. The water savers have been installed in all the areas as the sustainability plan to reduce the water consumption. The LED lights and motion sensors are replaced where applicable to reduce the energy consumption. The design and

# MERCURE

## HOTEL

DUBAI BARSHA HEIGHTS

materials are reviewed on eco-friendly and on sustainability management.

The lobby as a natural plant as the background made of Moss and Lichens which give a great ambience, and the new renovated floors are with having eco-friendly mattress and also fixtures are LED lights.

Swimming pools with chlorine free and use active ions which decrease the usage of chemicals and make the swimming pool eco-friendly and maintains water quality.

### A.7 Experiential or Interpretation Tourism

We inform our guests about the local environment, local culture and cultural heritage through various means; may be electronic signage or something as simple as tent cards. As UAE is predominantly an Islamic country guests are made aware of the local culture, traditional and places of interest. The strength of the local community is shown to the guests during the holy month of Ramadan. The Local dates and Arabic Coffee is served in the Buffet.

Various expedition packages are available with local tour organizers to visit places of historical interests, museums, heritage village, etc. or to embrace a moment of serenity within the vast desert. Mercure Hotel Suites & Apartments work closely with the local market, and as such it is beneficial to the company and the local community.

Mercure Hotel Suites & Apartments endeavors to deliver imaginative and exhilarating experience in culturally connected environments offering thoughtful and generous service.

### A.8 Communications Strategy

We communicate with our guests and visitors to the hotels and the website in a comprehensive manner. Our implementations, plans and strategy for a sustainable operation are clearly defined, as well as our involvement with the local

community and other charity work. Our sustainable operations involve our guests, example; we have Environmental cards in all the rooms in order to give our Guests an option to participate for protecting the environment, hence providing them an opportunity to play a direct role in water and energy conservation. Mercure Hotel Suites and Apartments actively participates with the Emirates Environmental Group which is a local organization that strives towards the protection of the environment, sustainable management and social responsibility. There is various community activity such as tree plantation, Can Collection collections that are done by them. Apart from these we also camp on blood donation, Clean up campaigns in association with Emirates Environmental Group. The Guests are given tips on the energy, water reduction practices in the television and LED screens in lobby. The waste segregation practices are displayed for the awareness for the guests. Earth hour initiatives of Environmental initiatives, the guest are involved. All the Safety precautions in line with the regulatory standards requirements.

### A.9 Health and Safety

We follow strict environmental, health and safety laws, regulations and procedures to conserve and protect the environment and create a safe workplace where we bring the best out of our colleagues whilst avoiding the risk of injury and accidents.

Employees are appropriately trained to make them aware the health and safety issues while working and guests are made aware of hazards by using appropriate signage and other form of communication like cautions, emergency evacuation routes. Purchase and operating policy for all mechanisms, equipment and facilities is that they be as environmental friendly as possible: low emission and consuming minimum energy and star rated and focusing on Health and Safety parameters. We have an experienced team of engineers and technicians who maintain the facilities so that we have constant check on them being in good working condition. All necessary and mandatory safety requirements for the same are found in order, such as method statement, risk assessment, and

# MERCURE

## HOTEL

### DUBAI BARSHA HEIGHTS

personal protective equipment to have a safe environment.

Local law enforcement agencies frequently visit the premises to ensure all emergency systems are in order, there are also evacuation mock drills and there are safety audits conducted to ensure that hotel risks are reduced. The hotel nurse is available in house with medical license for handling first aid and there are also certified trained first aiders. HACCP audits are conducted to ensure compliance to the Food Safety Management System to ensure food served is safe. New kitchen staff are trained on food safety and safety and procedures. As per DM requirement they will undergo a mandatory basic food hygiene course for safe food handling.

#### **Accor Sustainability System Gaia:**

We have got online monitoring system of sustainability and the Accor group hotels are related.

##### **Highlights:**

- The Gaia Sustainability portal we have obtained 143 Score for the Planet 21.
- Food and Beverage introduced the compostable take away containers.
- Banquet were introduced with the 750ml in house filtered water bottles.

### DUBAI BARSHA HEIGHTS

Mercure Hotel Suites & Apartments as part Accor initiatives for Planet 21 and its roles and responsibilities in contributing to the sustainable development of the communities in which it operates. This aims at maximizing the return on community investments and their impact on the local community. Through our community investment program, we have identified unique areas of involvement where we can actively support our local communities and engage in a mutually rewarding way with our Employees, partners, stakeholders and Communities.

- **Healthcare:** Supporting initiatives aimed at enhancing the health and well-being of local communities.
- **Education:** Supporting initiatives focused on vocational training and skills development that improve employability in the tourism and hospitality sector.
- **Cultural Preservation:** Supporting initiatives aimed at preserving local culture, heritage and promoting cultural diversity.
- **Economic Development:** Supporting initiatives aimed at enhancing the ability of small and medium enterprises ("SMEs") that are strategically linked to business needs to perform more effectively in order to create economic growth.
- **Environmental Protection:** Supporting initiatives that help protect the integrity of the environment. We also want to support initiatives that use innovative products and services to help solve environmental problems.

### B.2 Local Employment

Mercure Hotel Suites and Apartment prefers and supports local employment and gives all possible preferences for sourcing workforce in order to support the local community. As part of initiatives it has mentioned as UAE national preferred in specific Job advertisements. As per the hotel's annual road show calendar, Mercure Hotel Suites and Apartments has planned to participate in all relevant local career road shows and events. As a part of sustainability plan we have approached several Hotel management colleges to support recruitment of locals as employees and interns.

Business conducts and ethics policy

- Recruit and select colleagues policy
- UAE Federal Law no 8, for 1980/ Federal Decree-Law No 33 of 2021

### B.3 Fair Trade

Mercure Hotel Suites & Apartments ensure the use of right methods to select suppliers and procure goods and service at the right quality, price, time, source and delivery while protecting the company. The main focus is on the suppliers with eco-friendly products and promote on the green purchase. Purchasing is done only through local suppliers and preference given on the basis of the needs and requirements of the hotel. The Green procurement policy will design the requirements of Purchase of the hotel through the local vendors, eco-products used Amenities and Chemicals, FSC certified for paper and wood. Low or Zero VOC for the paints. Fair trade coffee and other products are used.

### B.4 Local Entrepreneurs

Mercure Hotel Suites & Apartments as a part of Accor group where in our aims to experience the local produce and local culture through the sustainability journey. Mercure Hotel Suites & Apartments do not engage with local entrepreneurs dealing with historical artifacts moreover it is not permitted by law.

It is worthwhile to state that, at Mercure Hotel Suites & Apartments we do engage in organizing events and activities that portray the local culture, especially during Ramadan, Eid and UAE National Day.

# MERCURE

## HOTEL

DUBAI BARSHA HEIGHTS

### B.5 Respect Local Population

As stated earlier UAE is predominantly a Muslim country and as such guests and employees are made aware of the local culture. Information of the same is provided through multimedia or through books and magazines and also to the guest service directory. Local culture awareness presentation is done during employee Induction and also presented in the Employee Handbook. Local cultural information booklet is also available at the concierge desk. Rules and regulations following local culture are also placed in swimming pool and recreation area Do and Don't of UAE is mentioned in the service directory of the guest.

### B.6 Exploitation

Mercure Hotel Suites & Apartments strictly complies with the UAE Federal Law no 8, for 1980 section 2 on the Regulation of Child labor. Mercure Hotel Suites & Apartments has Child exploitation policy and Watch programme, the hotel does not encourage any type of exploitation in regards to the labor, sexual abuse or harassment and child trafficking within the hotel premises as a part of the Sustainability Management Plan. Accor's watch initiative enables the employees to know the escalation process training when they notice any type of Child exploitation. Appropriate policies are in place against the employment of children, sexual harassment, and exploitation. Mercure Hotel Suites & Apartments has included Watch Programme, child exploitation awareness as part of the internal training conveyed to all employees through customized training material and videos. Mercure Hotel Suites & Apartments are willing to liaise with all relevant organizations to support and protect children from sexual abuse and trafficking. Child exploitation awareness campaigns have been included in the CSR calendar. We will support the Dubai Foundation for Women and Children through conducting educations programs and funding activities to support them.

### B.7 Equitable Hiring

Mercure Hotel Suites & Apartments promote diversity and equality on all levels of the business, and no employees or applicants are discriminated against in any way. All positions are filled on the basis of competence. Our hotel adheres to all local laws and regulations concerning labor laws, and offer conditions and wages superior to the minimum requirements.

Hotel employs people of many nationalities – currently we have 28 different nationalities in the group. Women candidates are encouraged to apply across all levels of the business. 12 are covered by women; Director of sales, Sales Manager, Sales Manager Corporate, Marketing Manager, Quality and Hygiene Manager, F&B Manager, Duty Manger, Asst. Reservation Manager and 3 Outlet Asst. Managers and Executive Secretary. UAE has strict labor law related issues, which we

# MERCURE

## HOTEL

DUBAI BARSHA HEIGHTS

adhere to in full. 25.53% of Female management teams are represented at Mercure Hotel Suites and apartments.

### B.8 Employee Protection

Salaries and benefits meet national regulations, and all payments required by law into insurance and holiday funds are made on behalf of all employees. Overtime is paid for hours worked beyond the established work in accordance with UAE labor law. Week hours and working hours do not exceed the legal maximum established by the labor law, but being a hospitality industry at times a need might arise to work additional hours, colleagues are accordingly remunerated as per the policies outlined. The employees are given career development plans and cross training exposure to preferred areas to motivate the moral of the employees.

### B.9 Basic Services

The activities of the business have not impacted or jeopardized resources or services in the local area or neighbouring communities in any negative manner. The activities of the business generate a number of secure jobs and reflect positive influence in the community.

### B.10 Local Livelihoods

Mercure Hotel Suites & Apartments has designated runoff from buildings and parking lot. As it's a building structures are designed according to legal compliance and appropriate mitigation. The building structure is in Tecom area and follows the regulations in line with DTCM and Dubai Municipality norms.

### B.11 Bribery & Corruption

Mercure Hotel Suites & Apartments strictly prohibit all forms of bribery taken directly or indirectly. It prohibits its employees from soliciting, arranging or accepting bribes intended for the employees benefit or that of the employee's family, friend associates or acquaintances. The management reviews on fair practices based on the selection of vendors and materials that are eco-friendly and support the vendors with best environmental practices. Not gifts can be accepted from any supplier or third party partner. Mercure Hotel Suites & Apartments adhere strictly on anti-bribery and corruption and no forms of bribes or gifts are encouraged. As per Mercure Hotel Suites & Apartments policy charitable contributions and sponsorships are not used as a subterfuge for bribery.

## C. CULTURAL HERITAGE

---

**C1.Code of Behaviour**

**C2.Historical Artifacts**

**C3.Protection of Sites**

**C4.Incorporation of Culture**

# MERCURE

## HOTEL

DUBAI BARSHA HEIGHTS

The company policy code of conduct includes established guideline on the code of behavior concerning the protection of local cultures and the guests are provided with relevant information of local culture, customs and tourisms of UAE.

The employees at Mercure Hotel Suites & Apartments are trained to guide guests towards the cultural sights and events and/or entertainment/restaurants that the guests are most interested in. Local UAE culture and idiosyncrasies can be explained and discussed with guests, but mainly the culture is significantly different from anywhere else in the western/developed part of the world, from where we have a substantial amount of guests coming from. Guests can read through the basic do's and don'ts in their complimentary tourist guide 'Discover Dubai'. The hotel also provides pick and drops for selected locations to promote tourists.

Historical and archeological artifacts are not sold, traded, or displayed. Business complies with laws, standards and regulations concerning the protection of historical sites and cultural heritage.

Mercure Hotel Suites & Apartments places great emphasis on being a part of the local environment in regards to cultural and social activities, as well as incorporating use of local food and competencies from local businesses. We take great pride and spend a lot of time and energy explaining our collaboration with local suppliers and businesses to interested parties.

Mercure Hotel Suites & Apartments represent the local cultural and heritage by offering dates and Arabic coffee to all guests arriving at the hotel.

## D. CONSERVATION OF RESOURCES, REDUCTION OF RESOURCES AND CONSERVATION OF BIODIVERSITY

In line with Mercure Hotel Suites & Apartments Sustainability Development plan, the use of Environmentally Preferable Purchasing (EPP) helps Mercure Hotel Suites & Apartments "buy green," and in doing so, uses the buying power to stimulate market demand for green products and services. However, this statement should not be key deciding factor in making a commercial buying decision. Mercure Hotel Suites & Apartments offers green meeting package as well, as a part of our sustainability initiative.

- **Biodiversity:** As part of Accor group policies, Mercure Hotel Suites & Apartments environment commitment we are not purchasing, using or promoting any products originating from unsustainable practices or serving food from endangered species prescribed by ICUN Red list. Endangered species or items stemming from unsustainable practices are not used or consumed as per company's purchasing policy. Mercure Hotel Suites & Apartments has supported the biodiversity by donating cash amount to the Yanni Animal Welfare.

DUBAI BARSHA HEIGHTS

## CONSERVATION OF RESOURCES, REDUCTION OF RESOURCES

Black and gray waste water is managed by the city in a non-polluting way, and does not affect public health. This is mandatory and unavoidable by UAE law. Major of the areas are provided with the LED lights and water savers to conserve the majors resources like energy and water and outdoor lighting is controlled by a timer.

We minimize our output of printed matter, and prefer to communicate through our website (which is CO2 neutral). Our suppliers often bring their products in crates and cases, which are reused and taken back. Every attempt is made to increase the awareness of the suppliers to avoid using crates and cases where ever possible.

Refrigerator and freezer temperatures are measured and monitored on a constant basis by the culinary staff of food. Energy usage is specified and recorded. Motion sensors are established in some of the areas, feasibility to cover more area is considered. All rooms need room key in order to turn on lights – whereby all electric appliances are turned off when guest is not in room. The BMS controlled helps in maintaining the ambient temperature in all locations.

Energy efficient equipment is purchased wherever available, and only used when needed. Bed linen, duvets and towels that are used for hotel use but still usable, the old ones are donated to charity. No disposable cutlery or other eating utensils are used in the hotel. Around 16,704 plastic bottles (1.75L) of orange juice was consumed in a year; juice dispensers where large quantity of juice is obtained and served in the dispenser replace these.

Active system in place to detect and repair leaking toilets, faucets and showerheads in guest rooms, and is run in co-ordination with housekeeping department and engineering department. Active system in place to detect and repair all machinery and equipment on a regular monthly basis, and is run by engineering department.

Native plants or low water plants used in landscaping are used to minimize water in the outdoor garden to use minimum water.

DUBAI BARSHA HEIGHTS

## WASTE MANAGEMENT AT MERCURE HOTEL SUITES & APARTMENTS

As far as is reasonably practicable, waste management and waste minimization will be practiced through the following waste hierarchy approach:

### Waste Hierarchy

#### Waste Segregation

Waste streaming is a highly effective way of reducing waste. The segregation of waste plays a role in reducing, reusing and recycling the waste.

All kitchens, restaurant, café and banquet areas are provided with color coded bins are for proper segregation of waste in the specified areas

- Guest rooms waste bins: The guest rooms are placed with two bins one in the bed room and the other one in the bathroom in order to segregate the waste
- Housekeeping staff: - In the floor level the segregation of the waste is done for general waste and can and plastic bottles.
- The garbage chute is operational and the waste segregation of landfill is thrown in the garbage shoot. The recycle items needs to be segregated on the floor and brought separately to the garbage room.
- Guest room's waste collection: Two separate bags are used to collect general waste and the cans and plastic bottles from all the guest rooms to increase the recycle waste and measure for proper segregation
- All hazardous wastes like battery and bulbs are been separated and stored in designated area and monitored by engineering and IT department. The waste is disposed to the approved suppliers.
- All new joiners are fully briefed about the benefits of segregation, procedures for collection waste and also aware of the Hotel's environmental policies
- The masks and gloves has a segregated bins.
- All recycled and non-recycled waste have to be sorted, collected and stored at separate segregated areas in the garbage room

Waste Management Cycle

Mercure Hotel Suites & Apartments recycles waste and are looking for more improvement. We have specific glass, cardboard and paper recycle bins, and encourage guests to help us with our recycling.

We attempt to produce as little waste as possible, and nothing is thrown out, that can be used again.

**A food-saving program** will be established wherein we will come up with strategies to reduce food wastage. Since such a program might interfere with the operation of the culinary department, the establishment of the same will be done in consultation with the F & B department. Other initiatives could be to decompose the food waste by installing food waste composting machine and using the product as manure for the trees within the property. We have introduced the Food crusher were introduced in the new renovation and it's a great step of minimizing the food waste.

# MERCURE

## HOTEL

DUBAI BARSHA HEIGHTS

No bin day is introduced for our employees to reduce the food waste. The menu designing is planned where very little food waste remains are found. The waste bin is not kept on the NO bin day. It is advised the employees to consume only the food they require and to prevent the food wastage.

All employee laundry is washed in-house with environmental friendly detergents. All back-office computer and electronic equipment is shut down when work-day is over. Meeting room's lights and equipment's are shut down when not in use. All appliances are set at the most efficient level, to save energy, money and appliances. Our concrete aim is to reduce our use of water, electricity and waste in the course of the next year, some of the targets and initiatives to achieve the same are:

- To raise awareness of the environment within the guest rooms by way of environmental information on the room television and room information brochures.
- Measure emphasis on sustainability development for continual improvement.
- Implement for energy saving projects.
- In partnership with the EEG, to collect recycle waste to ensure that zero waste goes to Dubai landfill site.
- In partnership with Farnek for Carbon offsetting.

DUBAI BARSHA HEIGHTS

### TREE PLANTATION – EMIRATES ENVIRONMENTAL GROUP (EEG)

Mercure Hotel participated in the tree plantation and planted 29 Samar trees (local Trees) in Al Naseem Reserve - Ajman. These trees are resilient and soil stabilizer.

### Mercure – Oasis In house water bottle project

Mercure Hotel Suites and apartments, largest Mercure hotel in Accor portfolio with 1015 keys, using an average hotel in Accor portfolio with 1015 keys, using an Average 266228 PET bottles of water in a year, while we were operating 525 keys. With the full inventory of rooms of 1015 we would use 52456 PET bottles of water in a year above 600000 bottles of water.

A systematic in house water project Oasis as spearheaded to provide safe drinking water to all our guest and support sustainability by eliminating PET bottles. The programme introduces an integrated system of water purification and filtration using UV-based processes. The Aqua sense bottle-free drinking water system not only helps reduce the use of plastic, but also diminishes the effects of storing, transporting and distributing bottles.

The 'Our Oasis' plant set up within the hotel has a dispenser programmed to fill two one-liter glass bottles every 20 seconds to avoid water wastage during the refilling process. There is also a dedicated glass bottle washer machine to ensure zero cross contamination.

We believe that it is our duty to help both the community and the environment. Our campaign is built on the guidelines from Dubai Municipality and Dubai Sustainable Tourism, with a collaborative approach and sustainable development as the main focuses. Our intention is simple; we want to help make our planet a better place for all."

DUBAI BARSHA HEIGHTS

We are very aware that sustainability is an ongoing journey; therefore, the Sustainability Management Plan will be reviewed annually. Our Sustainability Management Plan is supported by the following policies and procedures along with other supporting documents:

**The 2023 United Nations Climate Change Conference or Conference of the Parties of the UNFCCC, more commonly known as COP28, was the 28th United Nations Climate Change conference, held from 30 November to 13 December at Expo City, Dubai, United Arab Emirates.**

In line with the intention of COP28 for governments to agree on policies to limit global temperature rises and adapt to impacts associated with climate change, Mercure has taken the following initiatives.

- Reduction in the use of single use plastic in F&B and Housekeeping
- GAIA 2.0 Reporting: GAIA an Accor online reporting tool for hotels to facilitate measuring and monitoring performance on energy, water and waste, including carbon footprint, to help hotels manage their sustainability actions and optimize costs for owners, to address stakeholder needs.
- Ecolabels – We are Green Globe certified
- Food Waste Measurement and Baseline
- Women in Leadership
- School for change training: an ambitious training program designed to increase employee awareness into sustainable development challenges.
- WATCH Training & Fight Against Domestic Violence is completed by GM, HODs and all heartists.
