

# MERCURE

HOTEL

DUBAI BARSHA HEIGHTS

## Environmental Policy

We at Mercure Dubai Barsha Heights Hotel Suites & Apartments are committed to the protection of the environment through efficient energy, water, and waste management, and prevention of pollution. We are conscious of our responsibility towards creating, maintaining, and ensuring a clean and unpolluted environment for sustainable development. We are actively involved in GAIA 2 initiatives under Accor Brand standards.

We take the following actions to support the above commitment:

- Comply with environmental laws and regulations with additional measures considered necessary
- Minimize our waste by reviewing purchasing practices and segregating waste to reduce, reuse & recycle resources consumed by our business wherever possible
- Provide training for all employees and communicate with suppliers & guests to raise awareness about environmental policies and minimize carbon footprint
- Implement energy, water and resource conservation programs through innovation and best practices
- Ensure sustainability practices are adhered to in line with Accor brand guidelines and international sustainability frameworks
- Establish targets and objectives to measure and support continual improvement in our environmental performance and management system
- Protect the environment, including prevention of pollution and responsible use of resources
- Define responsibilities to ensure effective implementation of this policy
- Monitor and review environmental performance and this policy periodically
- Make this policy available to the public through the website and notice boards for our associates
